Summer Semester 2026

All tuition/fees will be due according to the the payment calendar located in this document.

Unpaid balances may result in the student's class schedule being dropped.

Financial Aid Refunds

Students receiving a financial aid refund may set up a refund profile through [MyWS](#) to have their funds returned to them in the form of a direct deposit to a checking or savings account. In order to have your funds direct deposited, your refund profile must be set up by May 3. For students who choose not to have funds direct deposited, a check will be issued, printed, and mailed to the students' permanent address on file.

Students will receive an electronic notification through Senators Mail when refunds have been processed either by direct deposit or mailed check. Students must monitor their Senators Mail account for communications. Staff in Financial Aid or the Cashier's Office will not be able to determine when your credit balance will be processed as this is an automated process.

The Cashier's Office will begin disbursing financial aid refund balances June 2. Students must have attended all classes and the attendance must be reported before credit balances are issued. Initial attendance or completion of another academically related activity is mandatory to be eligible for Federal Title IV aid.

Attendance status: Students may view their attendance status through [MyWS](#).

- [Login to MyWS \(my.ws.edu\)](#)
- Select **Student**
- Select **Student Records**
- Select **Attendance Reporting**

Financial aid refunds are only processed for students whose engagement has been confirmed in all course(s) enrolled.

RETURNED CHECKS / DIRECT DEPOSIT

Returned checks — The Cashier's Office makes multiple attempts at contacting a student through Senators Mail, phone calls, etc.

Returned direct deposits — Students are notified through Senators Mail with additional instructions. A paper check will be issued and mailed to a student's permanent address on file.

LOST CHECKS

A lost check may be reissued after 14 business days (excluding holidays) upon presenting an Indemnity Bond (completed, signed, and notarized) to the Morristown Cashier's Office.

PROVISION FOR BOOKS AND SUPPLIES

Students who have authorized aid in excess of tuition and fees as of May 3 are eligible to receive an advance of funds to apply toward the purchase of books and supplies. The advance is the lesser of the student's credit balance or \$725. Only students meeting all of the eligibility requirements as of this date qualify for this provision. All recipients of a book advancement will receive an email notification through Senators Mail once the book advancement has been processed. Book advancements are scheduled to be disbursed May 5.

Students are awarded financial assistance under the assumption that the student will complete all classes for the entire period for which assistance is awarded. If students withdraw, cease attendance or never attend courses for which they are scheduled to begin, they may no longer be eligible for the amount of aid originally awarded or disbursed. This may result in a repayment of funds, including the advance for books and supplies, to the institution.

The remaining balance of aid in excess of tuition and fees is scheduled to be disbursed beginning June 2. Engagement/attendance must be reported in all courses prior to the aid being released. Any further questions regarding balance of aid should be addressed to the Cashier's Office.

e-Text Program

Walters State Community College participates in the Access Program that attaches a digital textbook (e-text) to certain classes. Things to know about the e-Text:

- Attaching the e-Text to classes allows immediate access to the course material on the first day of class.
- The cost of the text will be included in the tuition and fees for the class as a non-refundable, non-mandatory fee.

Students will receive an email from the bookstore with information on how to access the digital materials and will also provide a link to opt-out, if desired.

- Students may opt out of the program and purchase a book on their own.
- The deadlines to opt-out for summer 2026 varies dependent upon your class start date.
 - Classes beginning May 11: Deadline is May 27
 - Classes beginning June 4: Deadline is June 12
 - Classes beginning July 8: Deadline is July 17
- If students are in multiple courses, they can opt-out from one or multiple classes.
- Accessing the eText is considered as opting in and students will no longer be able to opt out.
- If students choose to opt-out, they will be required to purchase material for their courses on their own.

Students should be aware that certain types of aid will not cover the cost of the e-Text. If students have questions, they should consult with a financial aid representative at any campus.

- Refunds not processed by options 1 or 2 are issued as a paper check and mailed to a student's permanent home address on file.

NOTE: Only in-state tuition, technology access fee, international education fee, and out-of-state tuition are refundable fees.

Refunds occur when a student drops a course or courses which result in an adjusted cost associated with the course(s) dropped. Fees which may be adjusted are in-state tuition, technology-access fee, international-education fee, and out-of-state tuition.

- Situations which may result in an adjusted cost and a corresponding refund:
 - Dropping a course(s) which results in a class load of fewer hours and results in a lower cost.
 - Withdrawing from the college.
 - Canceled classes by WSCC. Not subject to prior notification.
 - Called to active military duty or National Guard service during the term.
 - Death of a student during the term.

 - Courses enrolled are charged 100% for all required costs plus.
 - 25% or 75% of costs associated with course(s) dropped and the dates the course(s) were dropped.
 - 75% refund period: Charged 25% of costs of dropped courses.
 - 25% refund period: Charged 75% of costs of dropped courses.
- A refund is the difference between the cost of originally enrolled hours and the adjusted cost as calculated.
- Refunds will only occur if the newly re-calculated costs are less than the original charges/costs paid.
- Not all drops/withdrawals result in a fee adjustment.
- Swapping courses on or after the official start date of the semester may result in additional penalties being charged to a students account for non-refundable fees.

Testing Information

Academic Assessment and Placement

In compliance with the Tennessee Board of Regents policies, the following requirements apply to first-time regularly admitted students:

- Entering degree-seeking students with a regular high school diploma may submit valid ACT/SAT scores prior to registration. Alternatively, students may be evaluated for Learning Support (LS) needs by high school GPA. If a student has a valid unweighted high school GPA of 3.6 or higher LS classes will not be required. Valid ACT/SAT scores and GPA are those that are less than five (5) years old by the first day of classes. If you have not taken the ACT/SAT test battery, contact the Counseling and Testing Center. If you have taken the ACT/SAT but did not have your scores sent to Walters State Community College, contact the department of Admissions at 423-585-2685.
- No minimum ACT/SAT score is required for acceptance to Walters State Community College. Students with valid ACT/SAT scores equal to a minimum of 19 on the Math and Reading sections and 18 on the English section will be excused from Learning Support courses. Test scores are required as initial assessment for academic placement.

ACCUPLACER ASSESSMENT IS SUGGESTED FOR:

- All first-time degree-seeking freshmen who do not choose to take the ACT/SAT examination.
- All first-time degree-seeking freshmen entering on the basis of GED/HISET credentials who do not choose to take the ACT/SAT examination.
- International students submitting ACT/SAT scores below the minimum required or choosing not to take the ACT/SAT examination.

- Transfer students without college-level English composition, college-level reading-intensive credit, or college-level algebra-based mathematics credit who do not have valid minimum ACT/SAT scores.
- Non-degree seeking students who do not have valid minimum ACT/SAT scores interested in taking a college-level English composition, college-level reading-intensive credit, or college-level algebra-based mathematics must be assessed in the appropriate area.

NOTE:

There is no fee for the Accuplacer test, except in cases of a retest or a placement challenge, a \$10 fee is charged.

Students must register in advance for the Accuplacer test. All students need to complete an application to enroll at WSCC before scheduling the Accuplacer test.

Contact the Counseling and Testing Center to schedule an exam by telephone at 423-585-6800 or access the Center's website at: [Testing Center](#).

If no placement scores are made available, students will be placed into applicable learning support courses.

- Attaching the eText to classes allows immediate access to the course material on the first day of class.
- The cost of the text will be included in the tuition and fees for the class as a non-refundable, non-mandatory fee.

Students will receive an email from the bookstore with information on how to access the digital materials and will also provide a link to opt-out, if desired.

- Students may opt out of the program and purchase a book on their own.
- The deadlines to opt-out for summer varies dependent upon your class start date.
 - Classes beginning May 11: Deadline is May 27
 - Classes beginning June 4: Deadline is June 12
 - Classes beginning July 8: Deadline is July 17
- If students are in multiple courses, they can opt out from one or multiple classes.

Students should be aware that certain types of aid will not cover the cost of the eText. If students have questions, they should consult with a financial aid representative at any campus.

Notes to Students

Attendance

Students must attend the first day of class or contact the instructor prior to the first class if they intend to remain in class. If this procedure is not followed, the students may be administratively dropped from the class, at the discretion of the instructor. Students who are withdrawn from classes under this policy will receive a drop form marked "Attendance Withdrawal."

Dropping/Adding Classes

You may add or drop classes until the dates posted on the Academic Calendar (pg. 5). Changes in your schedule may adjust your eligibility for financial aid both current and/or future terms. Always check with the Financial Aid Office before making adjustments to your schedule.

Fee-Waiver/Discounts

WSCC will begin accepting fee waivers/discount forms on or after Apr. 11. All forms must be signed and dated on or after Apr. 11. Cashiers do not make eligibility decisions. Waivers/discounts calculated at time of payment are "good faith" reductions. If it is determined at a later date that a student is not eligible for the fee waiver/discount or the form is not complete, the student will be invoiced for their account balance or receive a letter with additional instructions.

Students who use a PC191 or state employee fee waiver may not register until the day prior to final purge on a space-available basis.

Hybrid classes are good choices for students who need to limit the number of trips to campus, but also prefer some face-to-face contact with classmates and the instructor. Students may access the Internet through campus WiFi and computer facilities at the college's library on the Morristown, Niswonger, and Sevierville, campuses or anywhere else they have Internet access. The College is not responsible for obtaining or maintaining students' individual equipment or software for accessing the Internet.

Desktop Video classes are a good choice for students who need to take classes off campus but also need the structure of the classroom environment. To complete all requirements for these courses, students have reliable access to the Internet via a DSL or higher broadband connection. Minimum requirements include: a computer with a webcam, a speaker, and a microphone, or students will need a tablet. A USB headset with microphone and ear buds are recommended for use with mobile devices. Students may access the Internet through campus WiFi and computer facilities at the college's library on the Morristown, Niswonger, and Sevierville campuses or anywhere else they have Internet access. Online components may include access to course content, course notes, resources, and assessments. Times and room numbers will be listed and provided in students' schedules.

Video Streaming (TWY)

Video-streaming courses (TWY) follow traditional class meeting schedules, while providing students the opportunity to attend class sessions at one of Walters State's four campuses in Niswonger (Greeneville), Sevierville, Tazewell or Morristown). Video-streaming courses are good choices for students who may be unable to travel to multiple campuses. Instructors deliver instruction from one of the four campuses to students at one or more of the other campuses. Students are able to interact in real-time with the instructor and students at the other sites via video streaming technology.

Lab Instruction may Vary as Follows:

- **WEB Lab** — Students will not come to campus. Work is online and uses simulations, etc.
- **Hybrid Lab** — Students must come to campus to complete labs in-person. Faculty will work with legitimate disabilities to get to campus as they arise. Online experiments may also be used.
- **DVC Lab** — Students will not come to campus but some of the labs will be completed in real-time, virtual class settings using Teams or Zoom. Online experiments may also be used.
